CS 663 : Digital Image Processing

Assignment 3

Arnav Baranwal (24B1099)

Swara Takale (24B0972)

Q1 – Bison: Segmentation

Mean-shift segmentation (hr=40, hs=250)

Input image

Mean-shift segmentation (5 segments)

Q1 – Bison: Label Map

Q1 – Bison: Boundary Overlay

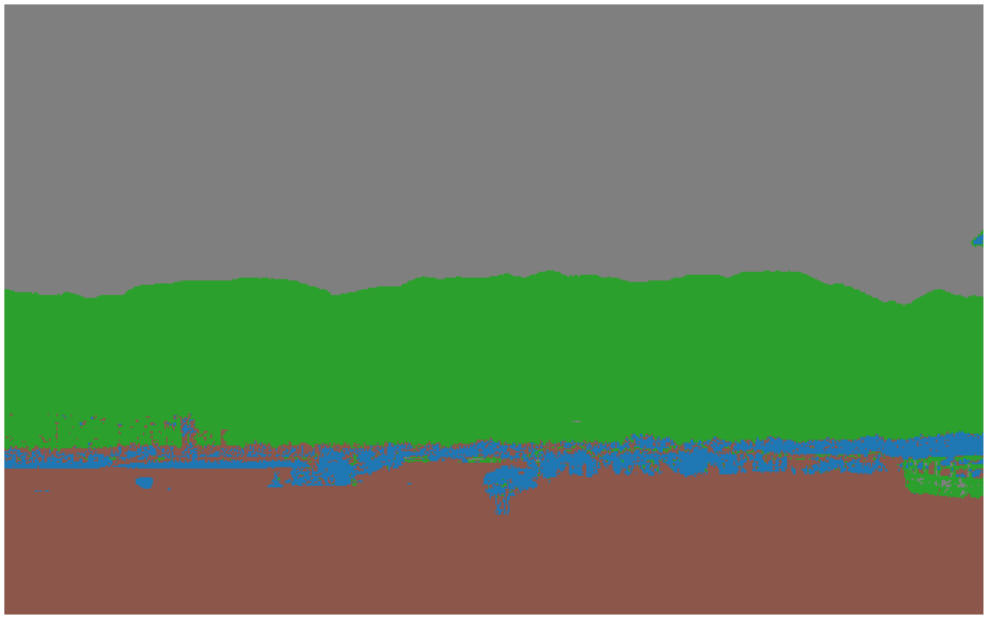
Input image with black segment boundaries

Q1 – Ghats: Segmentation

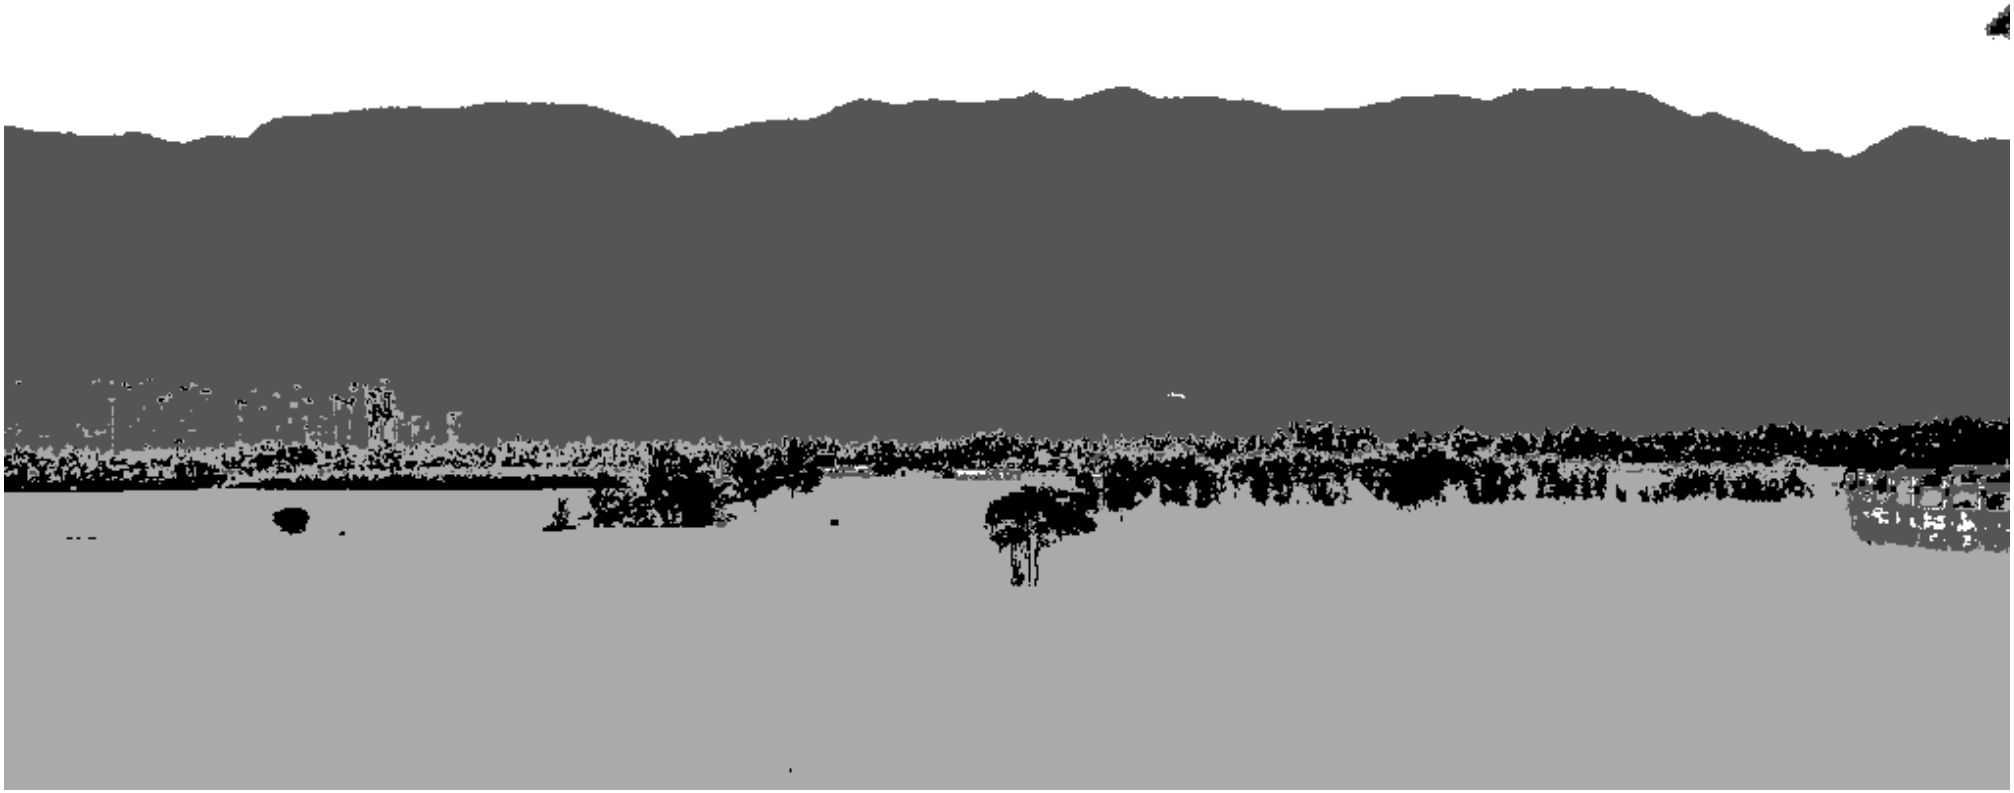
Mean-shift segmentation (hr=25, hs=300)

Input image

Mean-shift segmentation (4 segments)



Q1 – Ghats: Label Map



Q1 – Ghats: Boundary Overlay

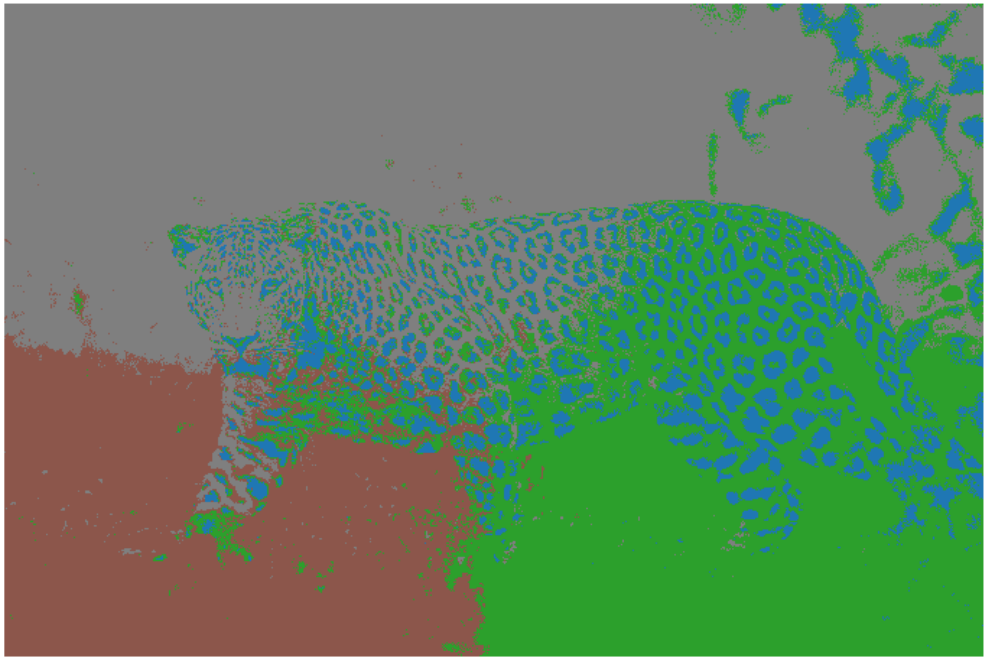
Input image with black segment boundaries

Q1 – Leopard: Segmentation

Mean-shift segmentation (hr=25, hs=300)

Input image

Mean-shift segmentation (4 segments)



Q1 – Leopard: Label Map

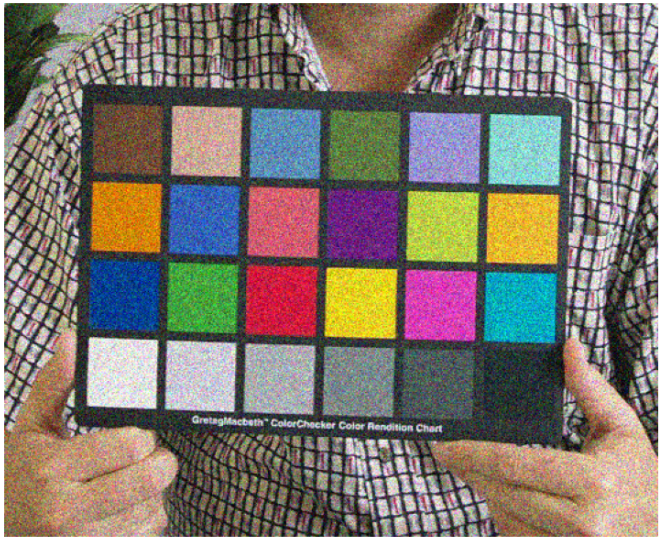
Q1 – Leopard: Boundary Overlay

Input image with black segment boundaries

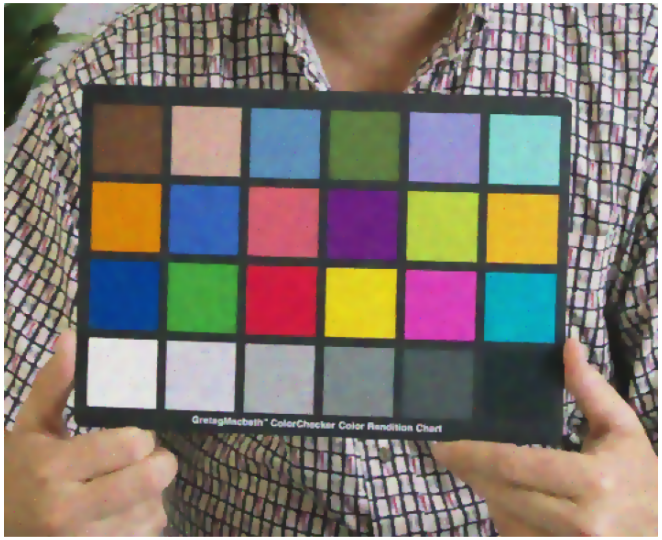
Q2 – Color Checker: Original, Noisy and Denoised Comparison

colorChecker

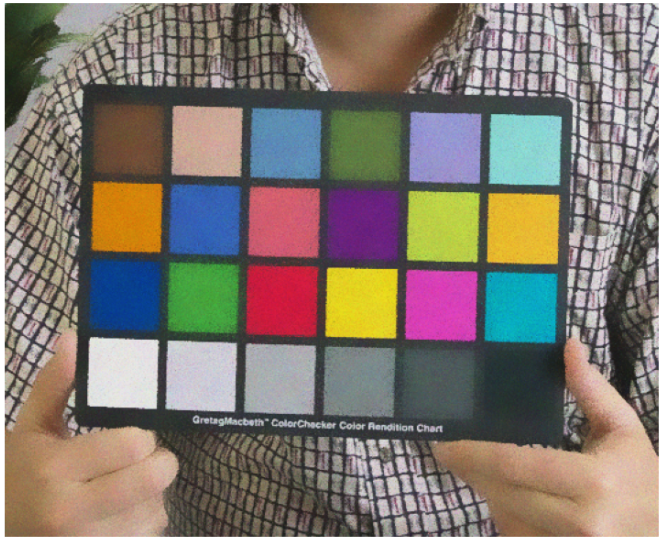
Input image



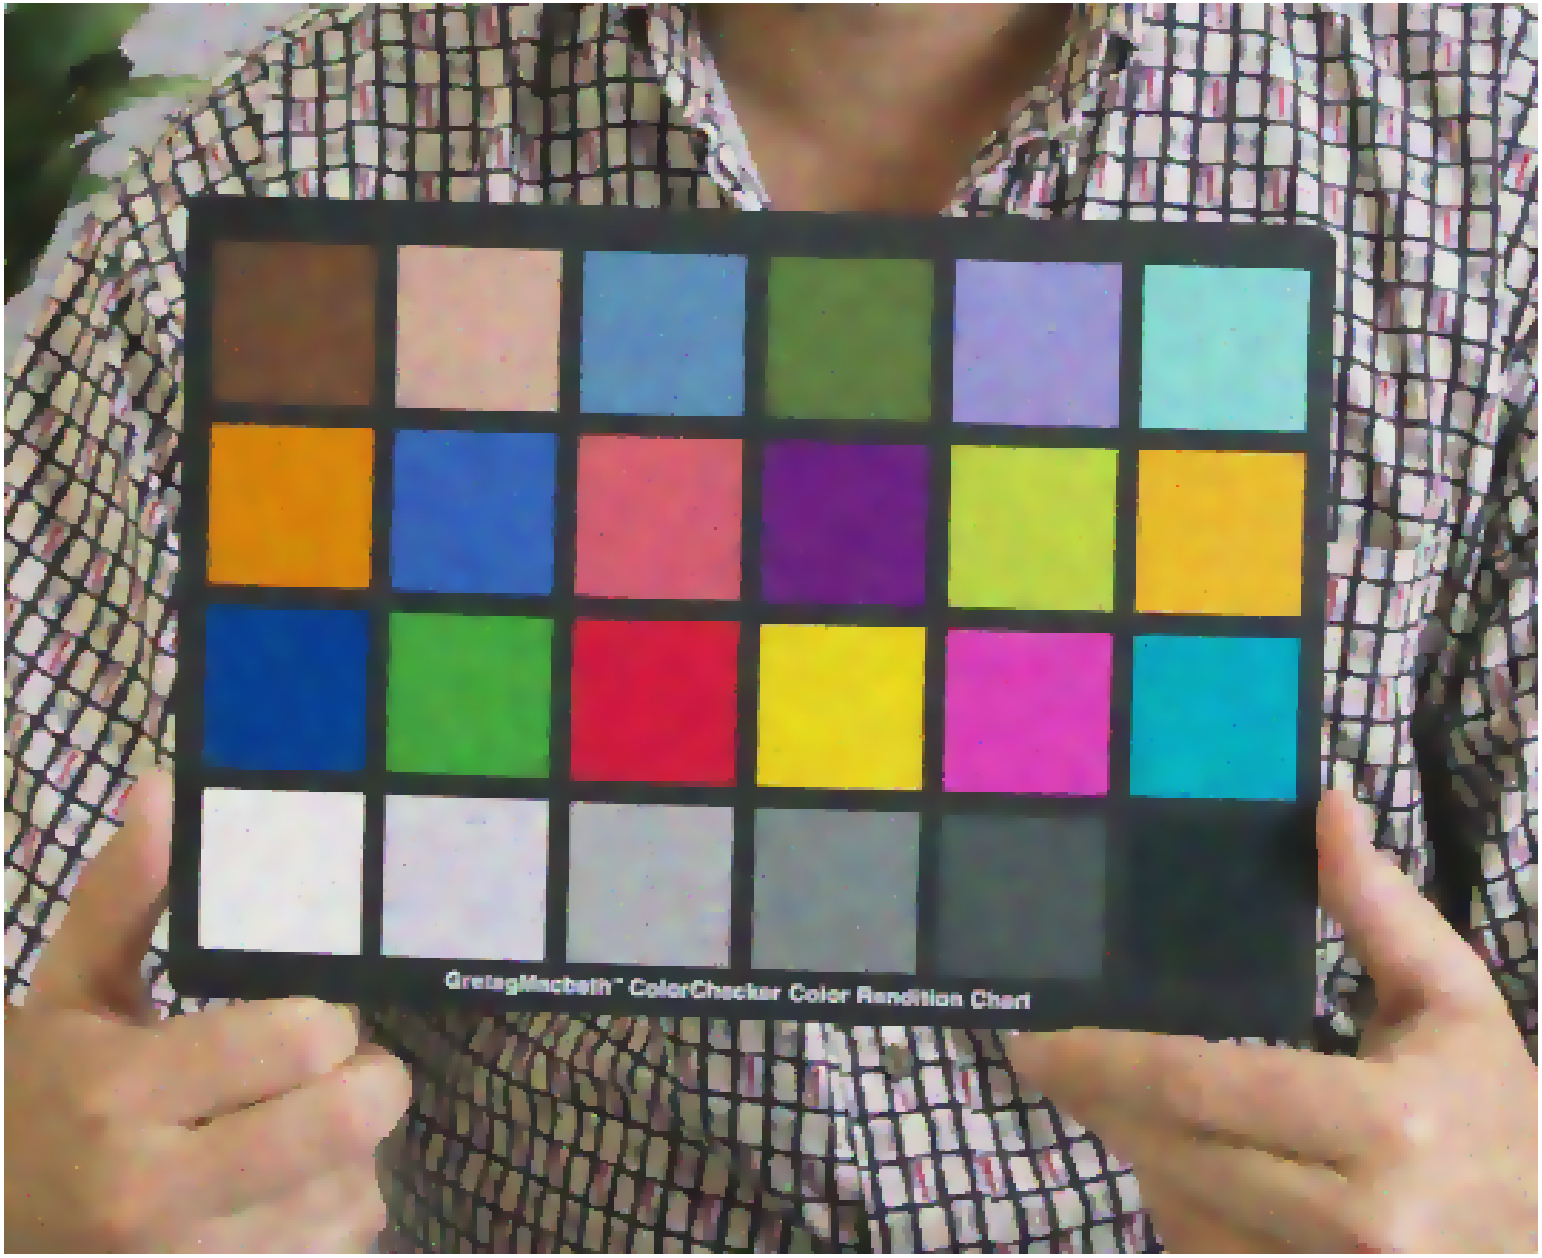
Anisotropic diffusion



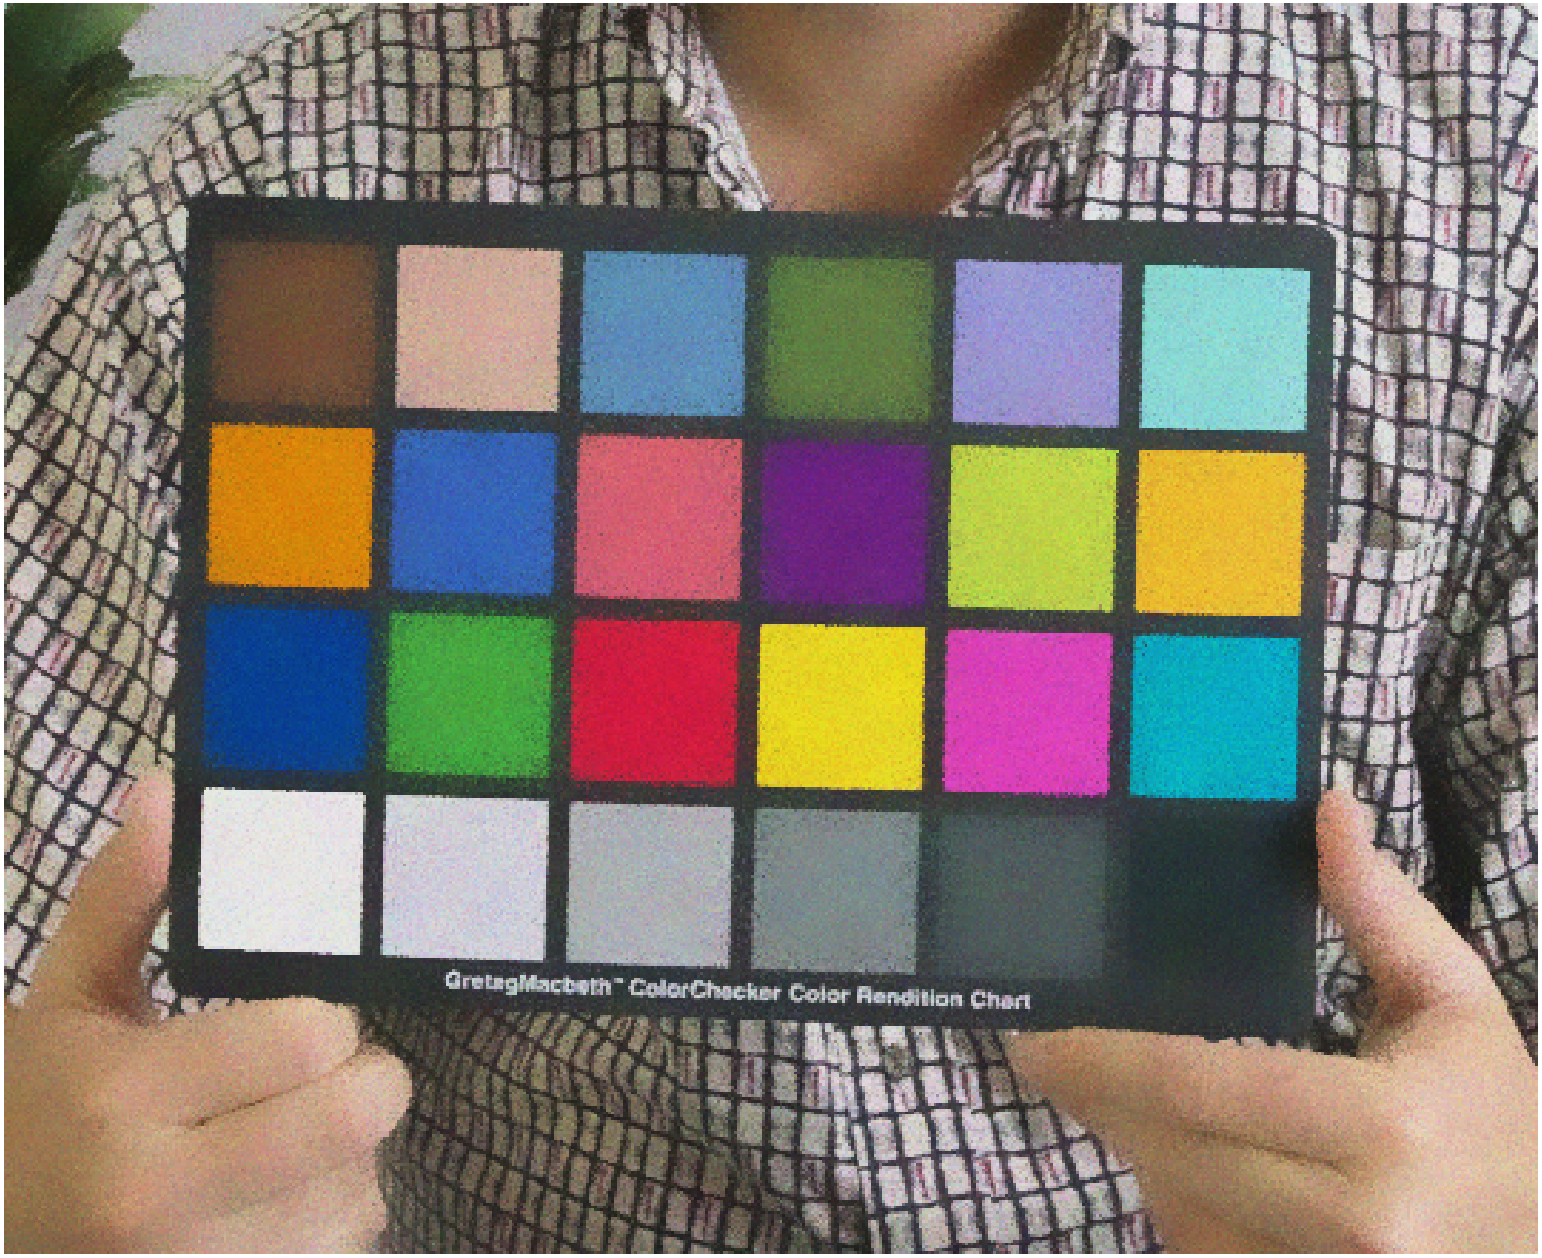
Bilateral filtering



Q2 – Color Checker: Anisotropic Diffusion

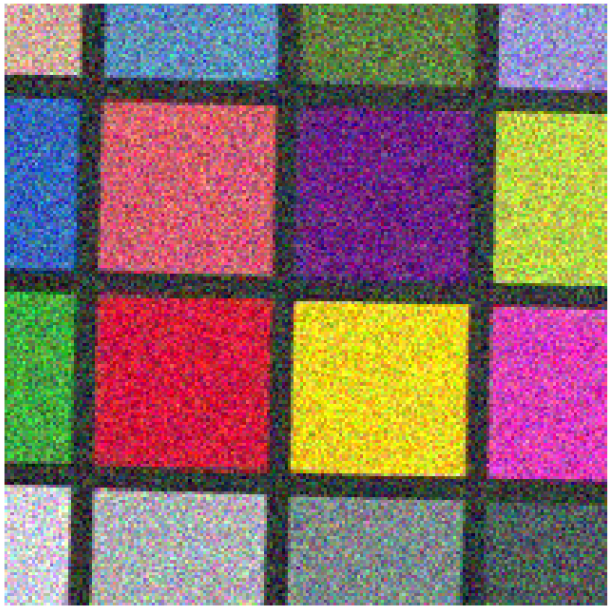


Q2 – Color Checker: Bilateral Filtering



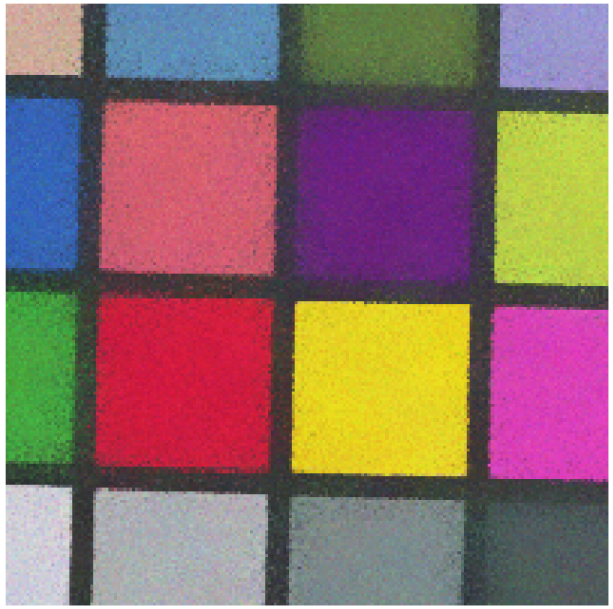
Q2 – Color Checker: Zoomed Comparison

Input image (zoom)



colorChecker: enlarged central crop
Anisotropic diffusion (zoom)

Bilateral filtering (zoom)



Q2 – Raja Ravi Varma: Original, Noisy and Denoised Comparison

rajaRaviVarma

Input image

Anisotropic diffusion

Bilateral filtering

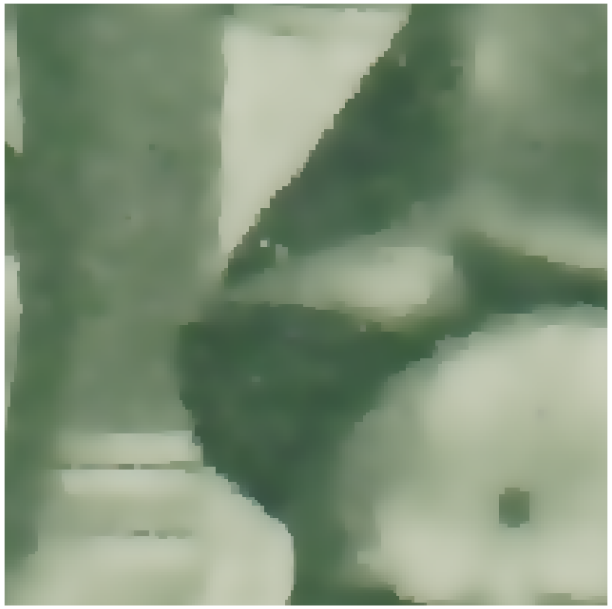
Q2 – Raja Ravi Varma: Anisotropic Diffusion

Q2 – Raja Ravi Varma: Bilateral Filtering

Q2 – Raja Ravi Varma: Zoomed Comparison

Input image (zoom)

rajaRaviVarma: enlarged central crop
Anisotropic diffusion (zoom)



Bilateral filtering (zoom)

Q2 – Sagarmatha: Original, Noisy and Denoised Comparison

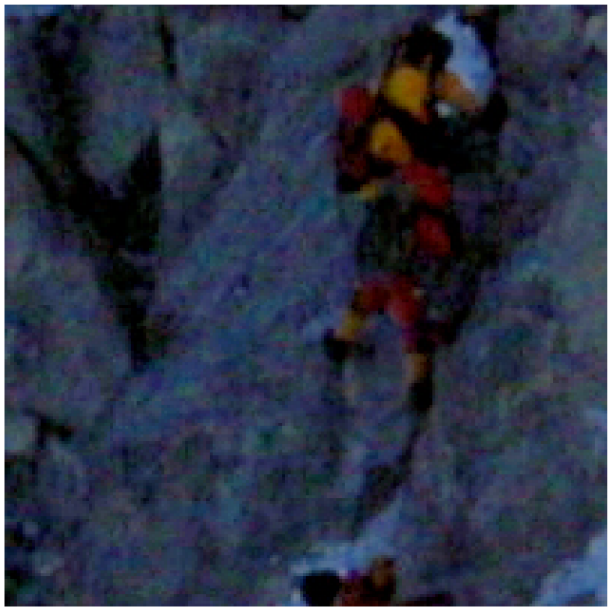
sagarmaathaa

Q2 – Sagarmatha: Anisotropic Diffusion

Q2 – Sagarmatha: Bilateral Filtering

Q2 – Sagarmatha: Zoomed Comparison

Input image (zoom)



sagarmaathaa: enlarged central crop
Anisotropic diffusion (zoom)

Bilateral filtering (zoom)

Q2 – Racing: Original, Noisy and Denoised Comparison

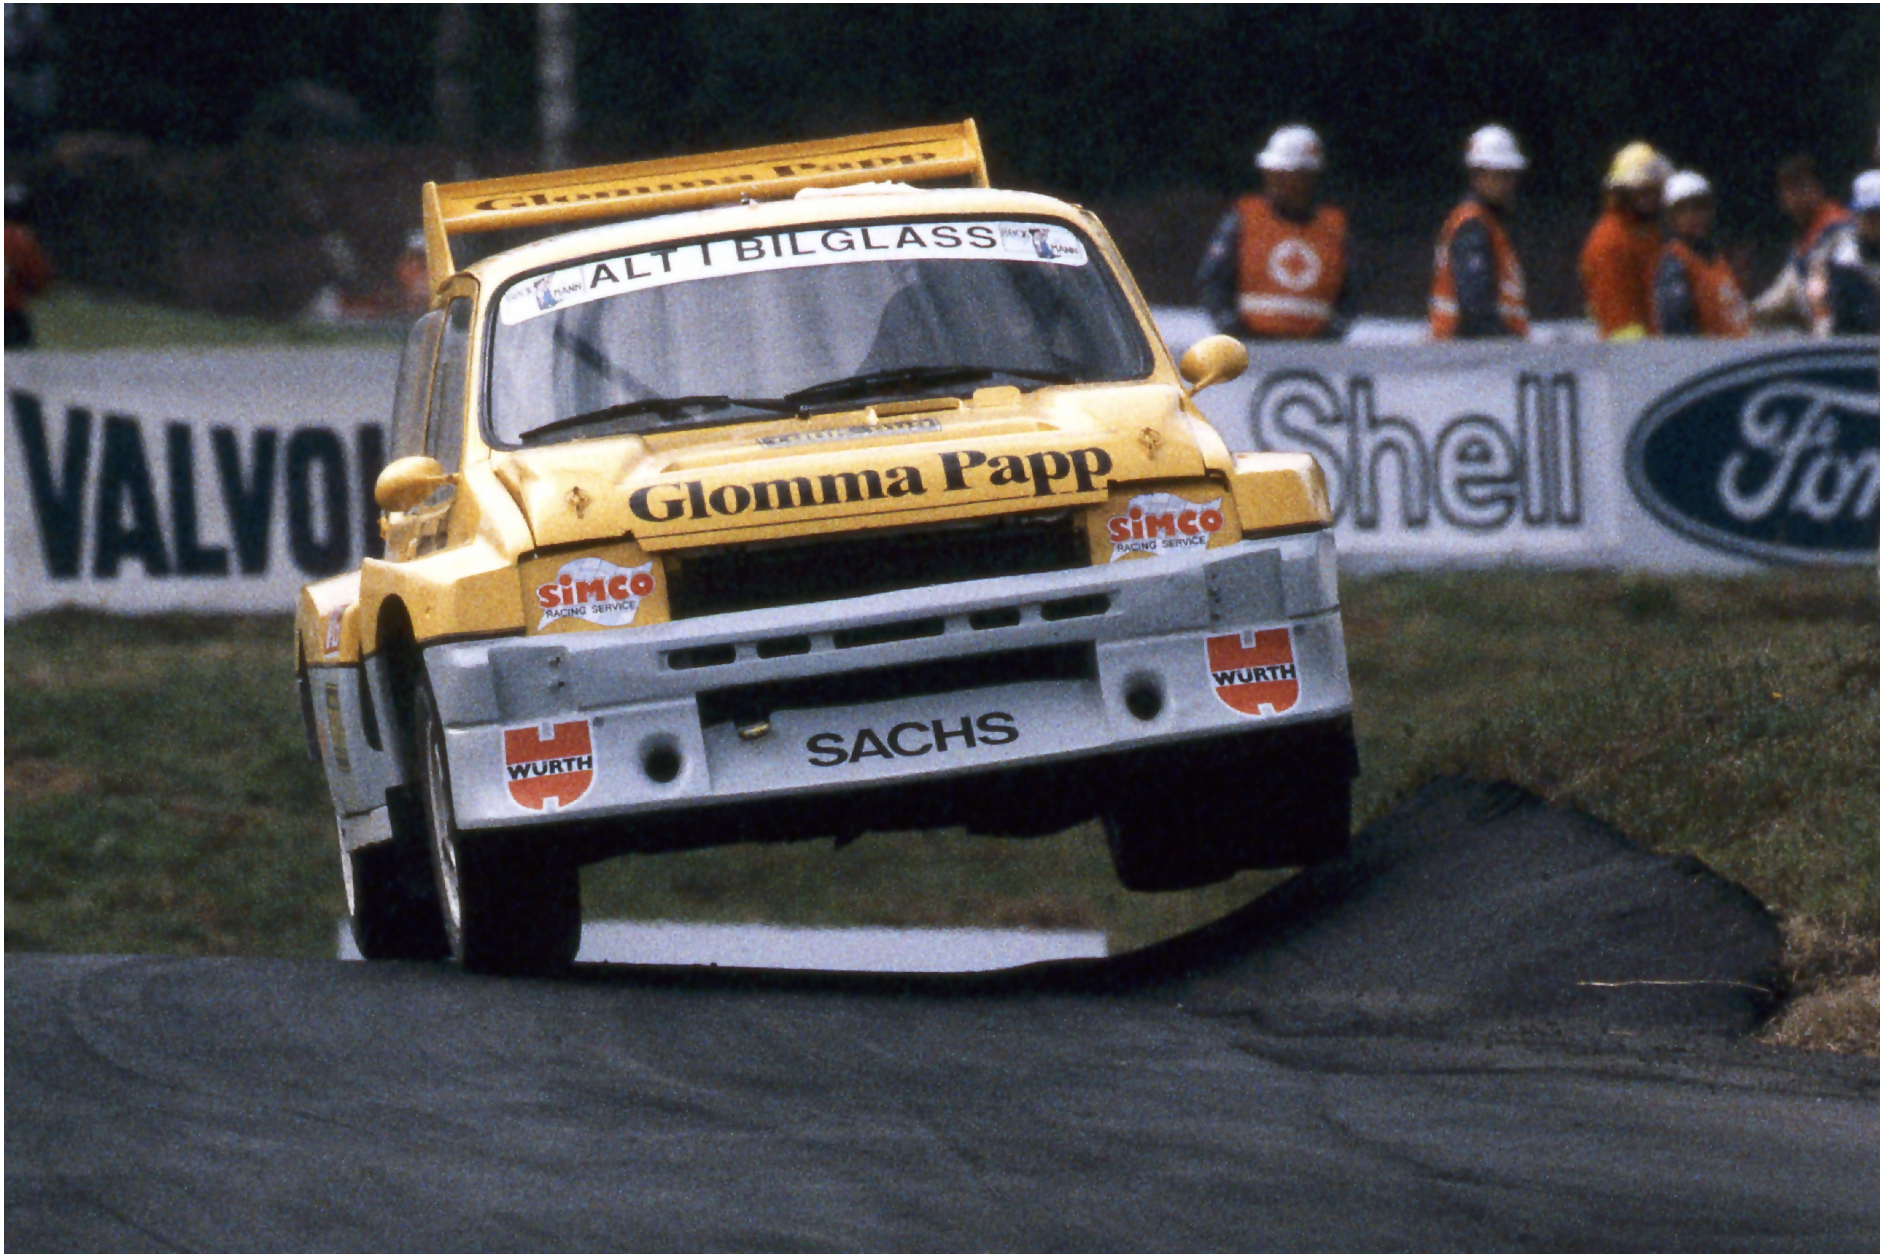
racing

Input image

Anisotropic diffusion

Bilateral filtering

Q2 – Racing: Anisotropic Diffusion

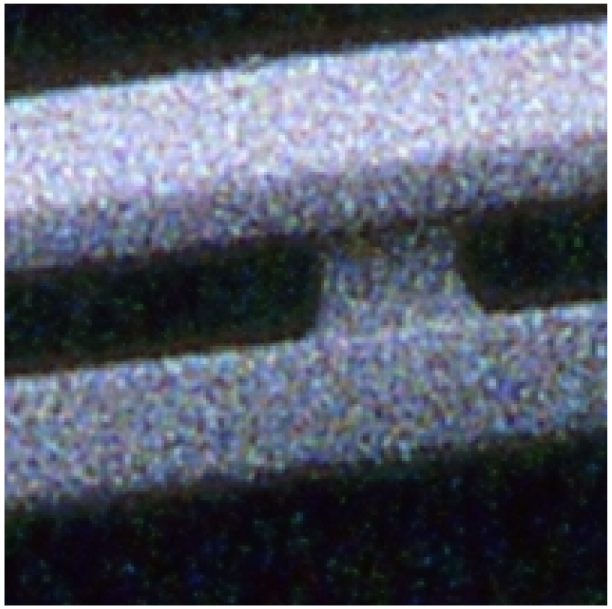


Q2 – Racing: Bilateral Filtering

Q2 – Racing: Zoomed Comparison

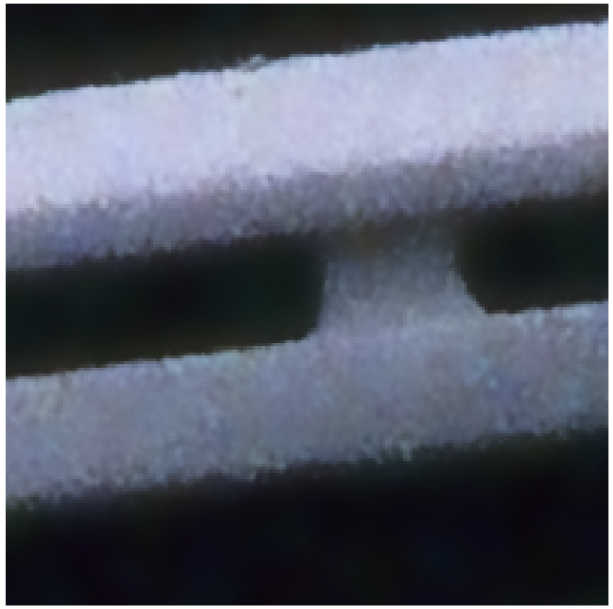
racing: enlarged central crop

Input image (zoom)

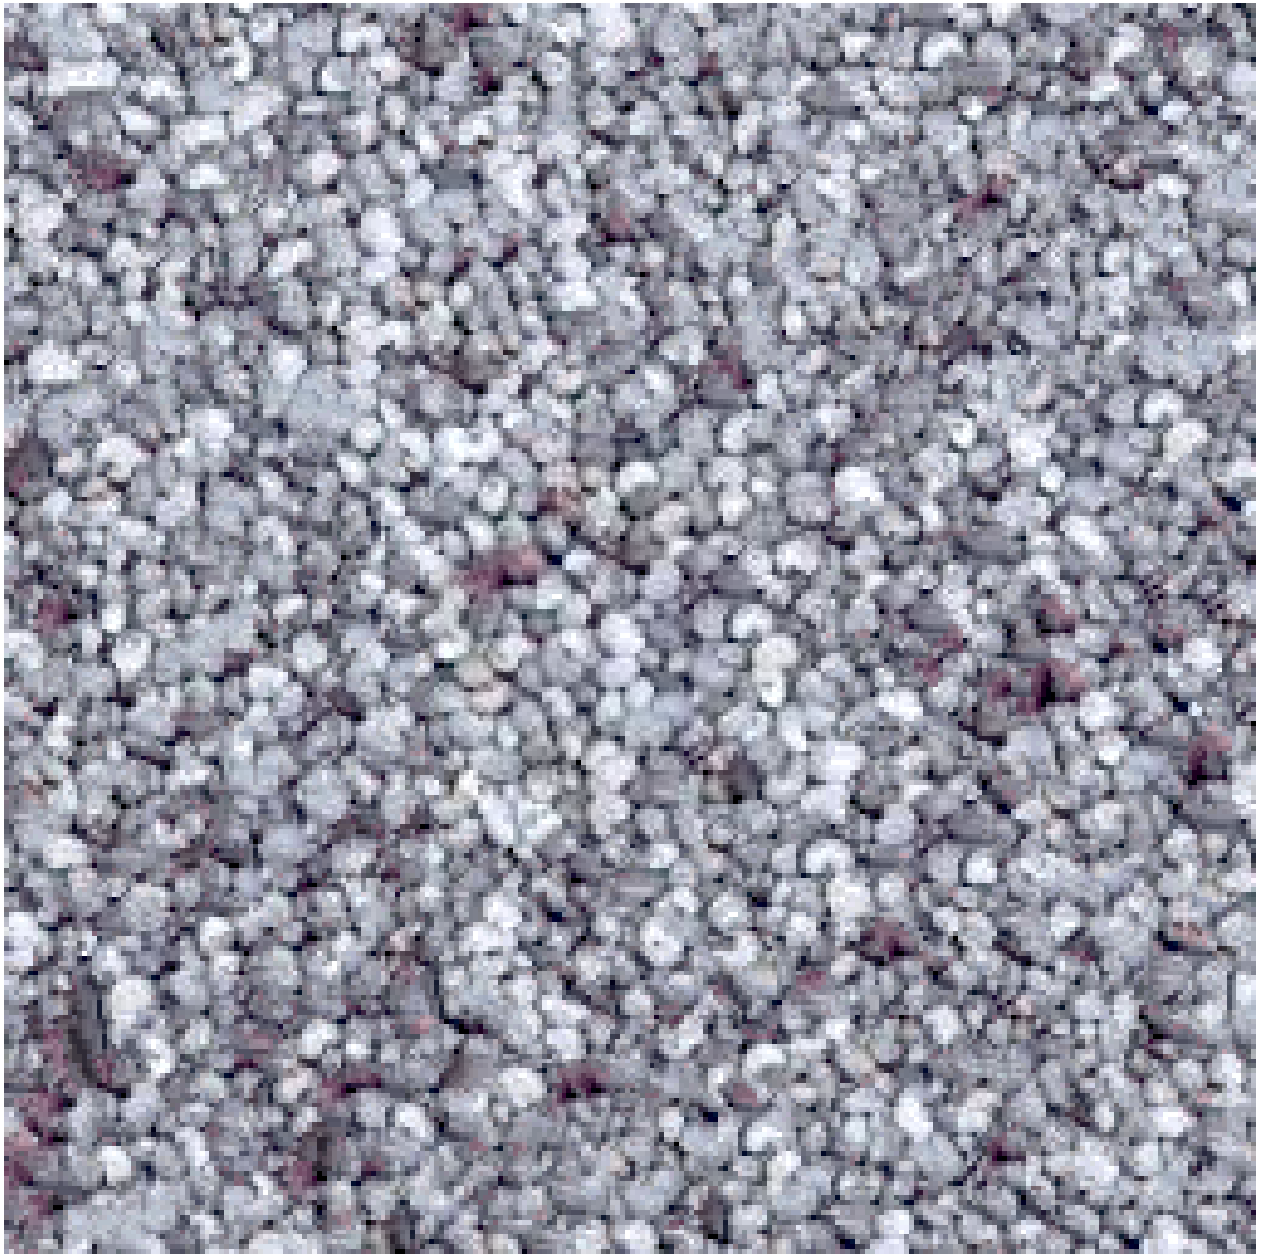


Anisotropic diffusion (zoom)

Bilateral filtering (zoom)



Q3 – Texture Sample 81: Original and Synthesized Texture



Q3 – Texture Sample 110: Original and Synthesized Texture

Q3 – Texture Sample 207: Original and Synthesized Texture

Q3 – Lohagad: Original Image with Hole and Inpainted Result

Original Image

Generated Mask

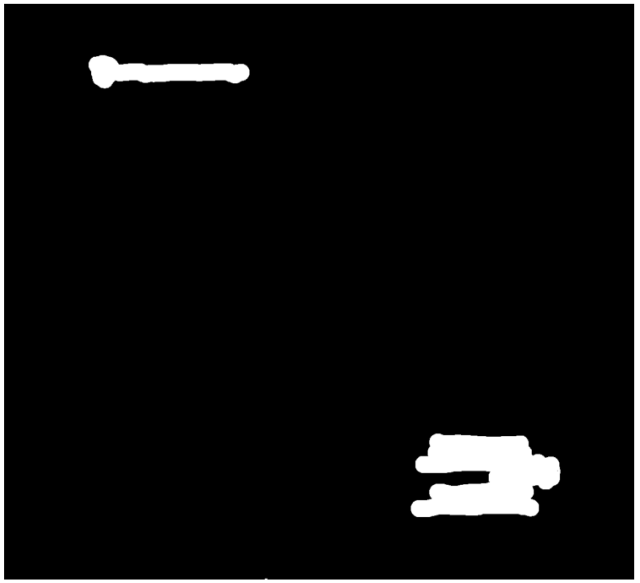


Image with Hole

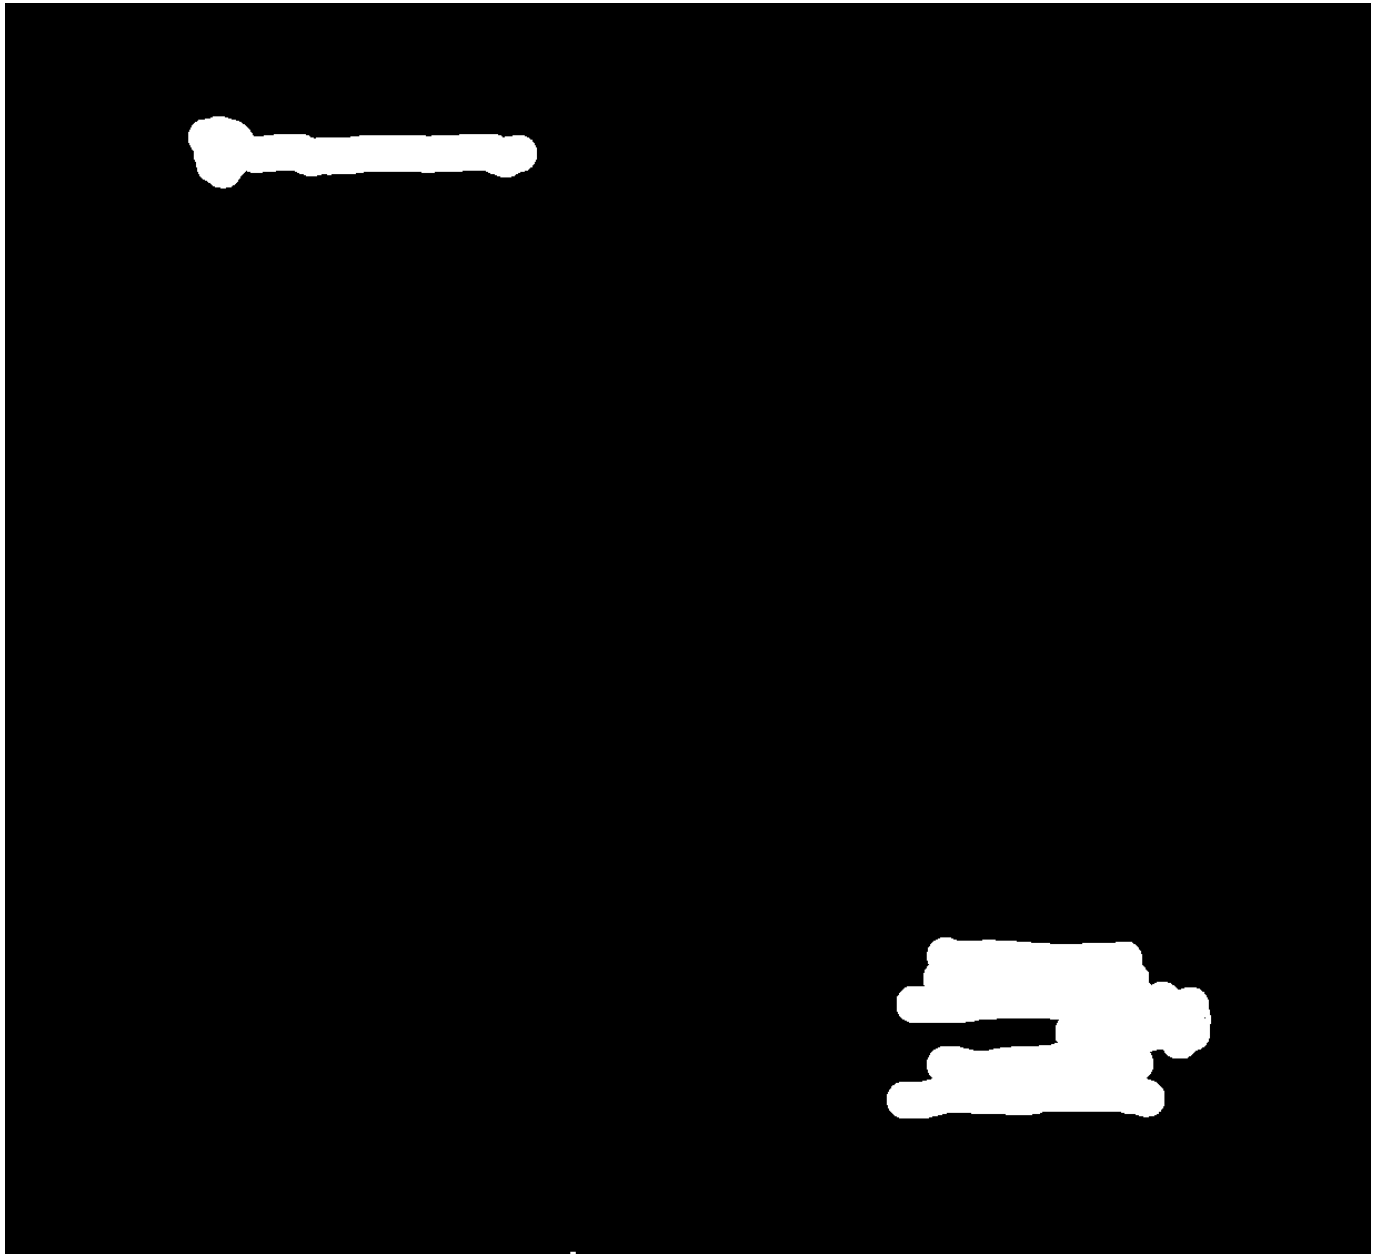
Texture-Based Inpainting

Q3 – Lohagad: Image with Missing Region (Hole)

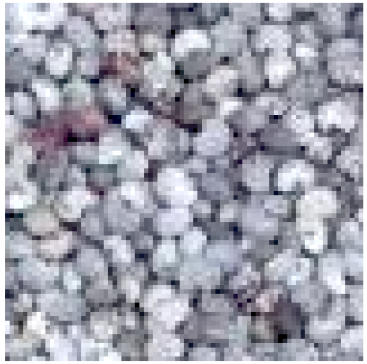
Q3 – Lohagad: Inpainted Image

Q3 – Lohagad: Text Removal Mask

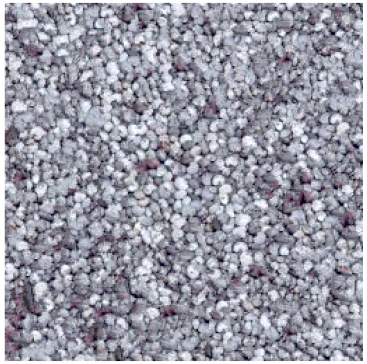


Q3 – Texture Synthesis: Comparison of Synthesized Results

Sample: textureSample81.png



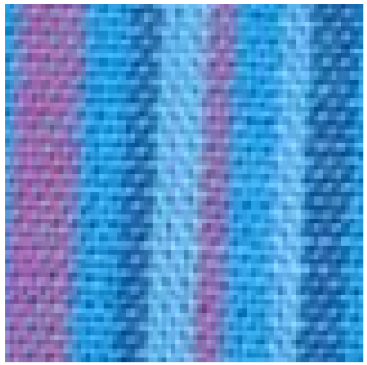
Synthesized (256x256)



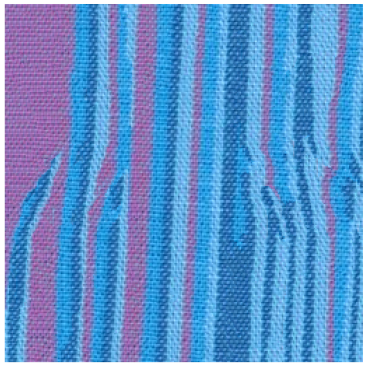
Sample: textureSample110.png

Synthesized (256x256)

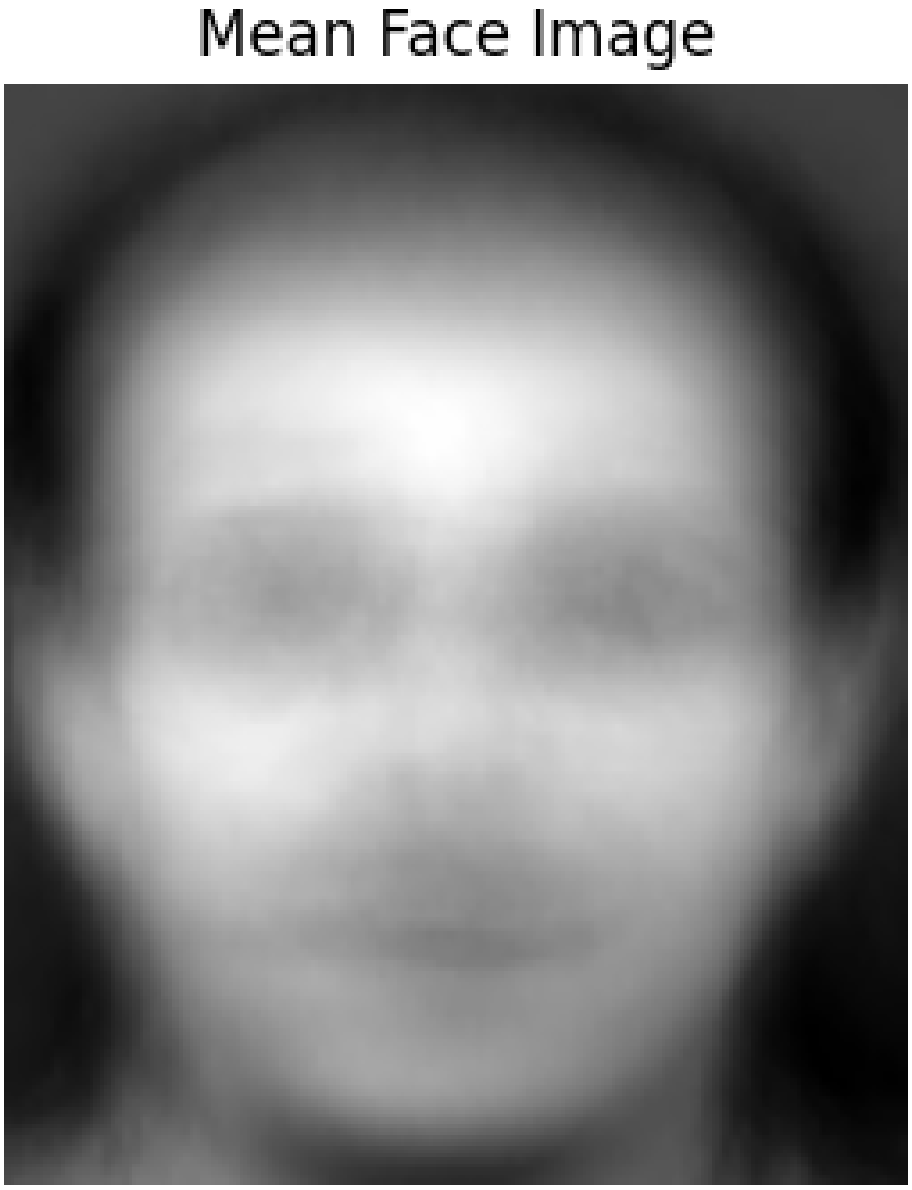
Sample: textureSample207.png



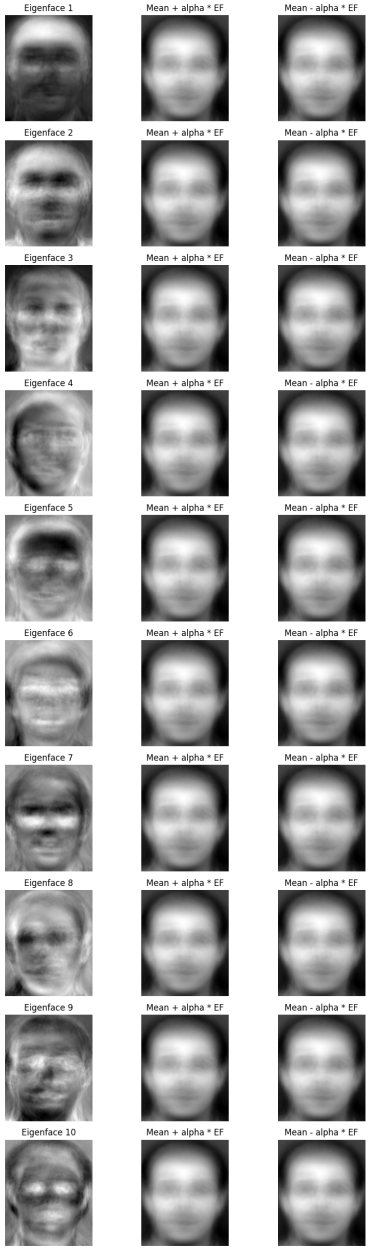
Synthesized (256x256)



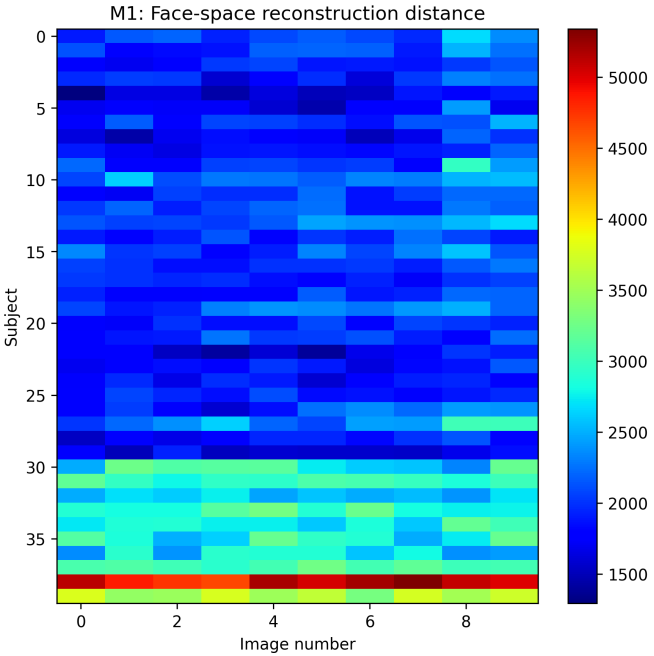
Q4 – Mean Face Image

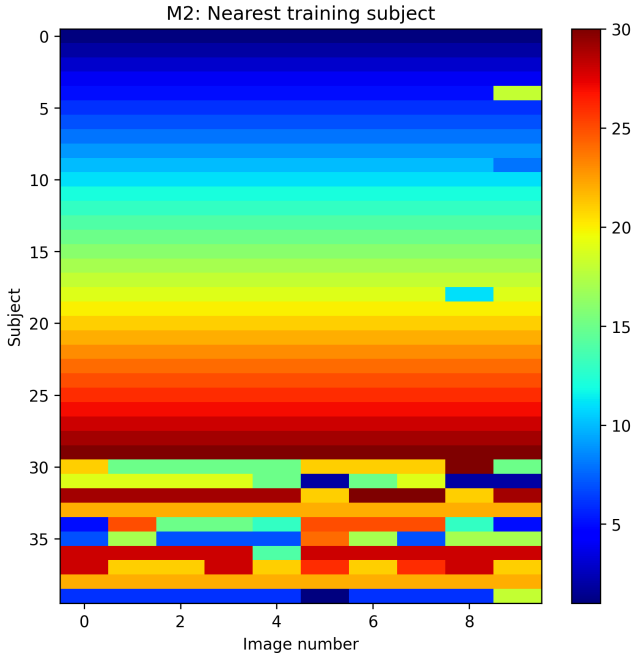


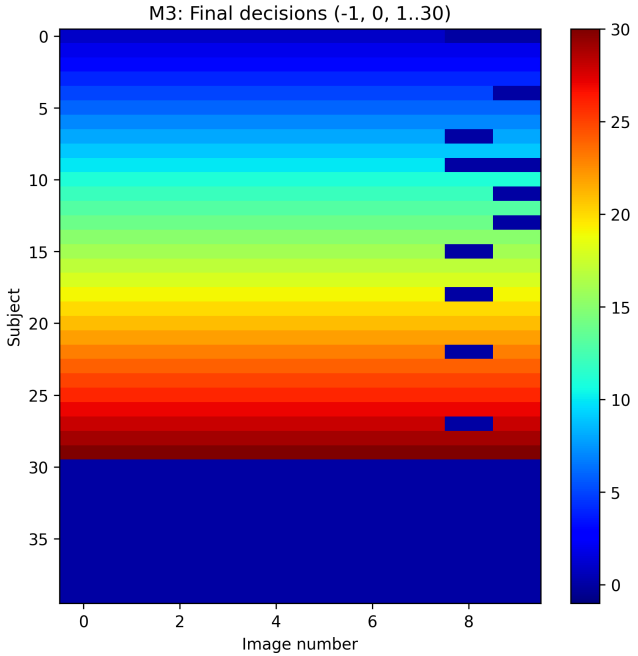
Q4 – First 10 Principal Modes of Variation



Q4 – Eigenface and Mean Image Visualization







Q4 – M1, M2 and M3: Matrix Visualizations
